

Hand drawn sketch.

How I approach the problems, and how I
control AI hallucination?

The first thing is
to understand the
requirement

Ask AI for
ideas and possible
approaches.

Control AI
hallucination

- +). Fact check
- +). verify data
- +). Cross check
Sources.

changes of ideas
of me to agree to use AI.

yes

use useful
information

no

Reject
unsupported
output

Negative

prompting

- +). No Assumption
- +). Follow tasks
only

Aligning with
Guidelines.

- +). Accuracy
- +). Ethics
- +). Assignment
Rules.

The Final output

I will get
The idea neither
to use AI (or)
To be stick with
my planning.
